AT&T STATEMENT ON THE INTRODUCTION OF THE LEADS ACT

The following statement may be attributed to Tim McKone, AT&T Executive Vice President of Federal Relations:

“AT&T applauds Representatives Marino and DelBene, and their staff members, on their continued efforts to ensure customer privacy is protected when government officials seek information stored outside of the U.S. The privacy of AT&T’s customers around the world is of paramount importance to us. AT&T looks forward to working with the House of Representatives and the entire Congress on these types of privacy safeguards as the bill moves forward.”
